Reference: FCC Docket Nos 96-45, 98-171, 90-571, 92-237, 99-200, 95-116, 98-170
and NSD File No. L-00-72.

Dear FCC:

The purpose of my phone is for emergency situations only. I feel my universal service fund fee of \$5.00 on my regular phone bill is outrageous, considering this is about 20% of my bill. Please look for your funds elsewhere and stay the HE__ out of my pocketbook. I'm tired of paying government imposed fees that are for SOME purpose, WHO KNOWS what. Why don't you consider taking money out of our Senators and Congressman's salaries, they are so overpaid anyway. Or better yet try cutting back all of governments other unnecessary wasteful spendings to fund this Universal Service Fund. What the heck is it for anyway and what are the totals dollars accumulated annually?

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Shari Fenstermacher
